Located three miles off the coast of Tarpon Springs, the park is accessible only by private boat or ferry service. Enjoy the blue-green Gulf waters that lap gently along the sandy beaches of the four islands that make up Anclote Key Preserve State Park - Anclote Key, North Anclote Bar, South Anclote Bar and Three Rooker Island. The 403-acre park is home to at least 43 species of birds, including the American oystercatcher, bald eagle and piping plover. A picturesque 1887 lighthouse stands as a sentinel on the southern end of the island. Visitors can swim and sunbathe at the beach, fire up a grill and enjoy a picnic, or pitch a tent and enjoy a night of primitive camping under the stars.

Volunteers are needed for environmental work, membership drives, and special events that bring information about our favorite island to the public.
