Koreshan State Park offers a window into the lives of a unique and eccentric pioneer group that chose to make their home under towering oaks on the banks of the Estero River. In 1893, the Koreshans, a religious sect founded by Dr. Cyrus R. Teed, moved here and built a settlement based in a commitment to communal living and a belief that the universe existed on the inside of the Earth. Living celibate lives, the enterprising Koreshans established a farm, nursery, and botanical gardens.
