The Econфина River meanders like a dark ribbon through pine flatwoods and oak-palm forests to broad expanses of salt marsh dotted with pine islands. Nature lovers can explore the scenic beauty by foot, off-road bicycling or horseback on 14.8 miles of wooded trails - or drift along the river in a kayak, canoe or boat. Trails lead to a panoramic view of coastal Florida where lush islands and sand dunes left from a bygone era dot the horizon. The Econфина River empties into the Gulf of Mexico 2.2 miles south of the park's boat ramp. Picnic facilities are near the boat ramp and the park offers numerous opportunities for wildlife viewing and bird watching.
