At the intersection of the Suwannee and Withlacoochee rivers, patches of rain lilies spring up on earthen mounds built to defend against Union Navy gunboats. This park is alive with history. Visitors can see remnants of a nineteenth-century steamship and two ghost towns that have been reclaimed by the sandhill wilderness, which is home to diverse and imperiled native species.

The North Florida Springs Alliance (NFSA) is a Citizen Support Organization (CSO) for five state parks in north Florida. CSOs were created by Florida legislation as non-profit cooperatives with the state to conduct programs and activities to

better our parks. These groups provide voluntary support by educating visitors, hosting events and raising funds for specific park improvement projects. The NFSA plays a vital role in supporting Florida's state parks, ensuring that our natural, cultural and historical resources are protected for future generations.
