When the water level on the Suwannee River is between 59 and 61 feet above mean sea level, the Big Shoals rapids earn a Class III Whitewater classification. Only experienced canoe and kayakers should attempt to navigate the Shoals. There is a portage area available for portaging around the Shoals. Limestone bluffs, towering 80 feet above the banks of the Suwannee River, afford outstanding vistas not found anywhere else in Florida.
